

JENS ZANDER (S'82 – M'85) received his M.Sc. and Ph.D. in Electrical Engineering from Linköping University, Sweden in 1979 and 1985. Since 1989 he is a full professor at KTH –The Royal Institute of Technology in Stockholm, Sweden. In 2001 he became co-founder and Scientific Director of Wireless@KTH, the KTH Center for Wireless Systems. 2013 -2017 he was the Dean of the KTH School of ICT and in 2018-2020 he was the first Dean of the recently founded School of Electrical Engineering and Computer Science at KTH. Since 2023 he is professor emeritus at KTH. 2007-2021 he was on the board of directors of the Swedish National Post and Telecom Agency (PTS). He is a member of the Royal Academy of Engineering Sciences. 1992-2020 he

was part-time senior scientific advisor to the National Defense Research Institute(FOI).

Dr Zander has authored more than 300 scientific papers (12500+ citations, h>50) and several textbooks on radio communication and radio resource management. In 2014 he was awarded an honorary doctorate at Aalto University in Helsinki, Finland. He was the Chairman of the IEEE VT/COM Swedish Chapter (2001-2005) and TPC Chair of the IEEE Vehicular Technology Conferences in 1994 and 2004 as well as General Chair for the Crowncom 2012 and IEEE DySPAN 2015 conferences. Further, Dr. Zander was one of the organizers of the Johannesberg Summits on 5G and Future Wireless Systems. Since 2021 he is chairman of the Swedish National Society of Radio Amateurs (SSA). His current research interests include Wideband HF communication systems as well as architectures and economic models for future wireless infrastructures.
